PERISHED IN SMOKE.

Three Lives Lost in a Tenement House Fire.

OTHERS WERE OVERCOME.

The Building Was a Five-Story One, Occupied by Four Families and a Chinese Laundry on the First Floor—Narrow Escape of Some of the Inmates—Names of the Victims.

NEW YORK, Jan. 3.—Three persons were suffocated by smoke in a tenement house fire on Pitt street yesterday afternoon. Those dead are: Lena Lehman, Sadie Lehman, her daughter, aged 20, and Henry Lehman, two months old, her son. There were also two children and two grown people overcome by the smoke, all of whom recovered. They are: Fireman George Le Forrest of engine 17; Rachel Jacobs, 35 years old; Yetta Jacobs, 12 years; Lena Jacobs, 9 years, and Joseph Jacobs, 4 years, her children.

The house is a 5-story tenement with four families on a floor and a Chinese laundry on the ground floor. At 1 o'clock in the afternoon Mrs. Schermer, the housekeeper, discovered that the place was afire and an alarm was turned in. Officer Fox was attracted by the woman's cries and rushed through the house yelling to the occupants to run for their lives. Some who wished to save their belongings had to be pushed down the stairs.

The fire escapes on the front of the house were soon lined with people, frightened and white-faced, who were climbing to the street. Fox was the first to descend the ladder, carrying Lena Jacobs in his arms. Meanwhile Policemen Rooney and O'Neill had rushed to the scene, and in searching the rooms had found Rachel, Yetta and Joseph Jacobs lying on the floor, and carried them to the street.

By the time the first engine reached the burning tenement the fire had crept up the stairway and reached the top floor. Fireman Le Forrest was one of the first who dragged a line of hose into the burning building. The smoke was so dense that when he got to the second floor the fireman fell, overcome, into the arms of Fireman Ruffler. The latter, with the aid of Engineer Turnan, carried him to the street.

The firemen, together with the Jacobs family, were taken in an ambulance to a place of safety and soon resuscitated. It was an hour and a half before the ugly blaze was extinguished. The firemen were then ordered to search the house to see that no one had been suffocated.

Their first report was that no one was left in the house. An hour later the housekeeper went to the rooms of the Lehman family and discovered the dead bodies. They were not burned at all, but had been suffocated. They were near a rear pair of stairs, and evidently had been overcome as they were rushing to them. The origin of the fire is not known.

FREIGHT TRAINS COLLIDE.

Fireman Killed Instantly and Three Others May Die.

SPRINGFIELD, O., Jan. 3.—A very bad wreck occurred on the Ohio Southern at 2 a. m., near Bainbridge. Two freight trains collided with terrific force and the cars are piled up in confusion.

George Snyder, a fireman, was instantly killed. Engineer Charles Crawford, Conductor Hunter and Brakeman Silas Van Hout, were all probably fatally hurt. Three other trainmen were injured.

The wreck was caused by the failure of the operator at Greenfield to deliver orders. The two trains were to pass at Spout Springs.

In addition to the others, Engineer William Haney had an ankle broken and received internal injuries.

Collided With a Car.

TOLEDO, Jan. 3.—As Nicholas Wagner, an express man, was driving home with his son, Willie, aged 9 years, and a hired man named Stielke, he collided with a Broadway car running at a high rate of speed. The boy was instantly killed, as was the horse. Wagner sustained a severe fracture of the skull. Stielke was badly cut about the head and injured internally, it is thought fatally. The motorman and conductor were arrested and later released on bail. The motorman and conductor conferred to the police that they were under age, therefore ineligible to the positions under the company's rules.

Another Beautiful Lake Vessel.

CLEVELAND, Jan. 3.—Preparations are being made to launch the big steel passenger steamship Northland next Saturday. The Northland will be a sister ship to the Northwest which was launched here last spring. She will be one of the largest and by all odds the most elegant and luxurious passenger steamer on fresh water. The Northland and Northwest are both owned by the Northern Steamship company and will run between Buffalo and Duluth, carrying passengers exclusively.

Relief For the Drouth Sufferers.

LINCOLN, Neb., Jan. 3.—The senate and house have appointed committees to investigate the condition of the drouth-stricken districts of the state and report on a plan of relief.

Murdered His Father.

CHICAGO, Jan. 3.—John G. Wurster, a baker, in a family quarrel Wednesday emptied a revolver at his father. Three of the bullets took effect, inflicting probably fatal injuries.

UNIFORM POSTAGE RATES.

All in Except Canada and New Mexico. New Postal Plans.

WASHINGTON, Jan. 3.—Several important plans for improving the postal service have just become operative. The principal one is the general reduction of postage rates for Cape Colony, Congo Free States and all other countries not embraced in the Universal Postal union. Under the provisions of the new scheme all countries will now enjoy uniform rates except Canada and Mexico, for which special rates have long been in vogue. The change results in a reduction of rates for ordinary mail from 10 to 15 cents on half ounce, and for newspapers from 2 to one cent for two ounces.

The new arrangement for facilitating foreign mails from Boston, Philadelphia, Baltimore, Chicago and St. Louis also went into operation. This allows the present system of having the regular mails handled and waybilled at the New York office, but also provides for sending additional mails by later trains which leave in time to make direct connections with the steamers, messengers to be stationed at the depots to carry the mail direct to the vessels, instead of allowing the delay incurred by the regular mails in going through the New York city office.

A change in the series of the newspapers and periodical stamps will go into operation this week, involving general changes in denominations and in colors, though maintaining the general characteristics. The new denominations are 1, 2, 3, 5, 10, 25 and 50 cents, and 2, 5, 10, 20, 50 and 100. The denominations discontinued are 4, 6, 8, 12, 24, 48, 60, 72, 84, 96, \$1, 92, \$3, \$6, \$9, \$12, \$24, \$36, \$48 and \$60.

BENEFITS OF THE WAR.

Senator Davis Thinks This Country a Winner by the Eastern Trouble.

WASHINGTON, Jan. 3.—Senator Davis of Minnesota, a member of the committee on foreign relations, said, Wednesday, that the war between China and Japan will result in a great extension of commerce between the United States and both of these countries.

"Of course," he said, "our commerce is not anything of importance compared to what it might be with proper encouragement. The war, in my opinion, will result in the reorganization of the Chinese empire in accordance with the progress and development of the world. This reorganization must be made. The people of China are intelligent and will be progressive. They have been in a state of stagnation for a time, but forces are at work. The war will teach them that the customs and old ideas will not do in the present age."

Mr. Davis thinks that the war will call attention of the people of the United States to the importance of both China and Japan as markets for our wares, and that many products of these countries will find a market in the United States.

Important Will Contest.

RICHMOND, Ind., Jan. 3.—One of the most important will contests in this history of Indiana was begun in this (Wayne county) before Special Judge Black of Indianapolis. Among the counsels for plaintiffs is ex-President Harrison and for the defendants Congressman Henry U. Johnson. The case is that of two grandchildren of James L. Morrison, James and Bertha, grandchildren of Robert Morrison, now dead, and the son of James L. Morrison. The other child of James L. Morrison is Mrs. Edgar Hibbard of this city. In the will of James L. Morrison he bequeathed the two grandchildren \$20,000 each and a share in the Morrison mansion in this city, the other portion of the estate, which is worth over \$500,000, going to Mrs. Hibbard. The grandchildren sue on the ground that James L. Morrison at the time he made the will was in an extremely feeble condition and was unduly influenced by Mr. and Mrs. Hibbard.

Girls Panic-Stricken.

CHICAGO, Jan. 3.—Fire in the Princess knitting works at Racine and Southport avenues Wednesday afternoon caused a panic among the 150 girl employees, but none were seriously hurt. The fire was discovered about 1 o'clock, and, carried up an elevator shaft, quickly enveloped the three floors of the building. Escape by way of the stairs was cut off and the frightened employees burst open windows and clung to the casings frantically screaming for help. Many jumped from the second floor and alighted in safety. The firemen, who arrived promptly, rescued the others. Several of the girls were cut by broken glass and badly bruised by jumping. The fire was extinguished, with a loss not to exceed \$30,000.

Battle With Robbers.

MACON, Miss., Jan. 3.—Two men suspected of being the robbers who held up a passenger train at York, Ala., two days ago, boarded the Mobile and Ohio train, No. 6, northbound, at Seoba, Miss., Wednesday morning. The operator telegraphed to Macon and officers met the train. An attempt was made to arrest the men, who resisted, and a desperate battle followed, the robbers retreating under a running fire from the guns of the officers. They escaped, but a posse is in pursuit and capture is deemed certain. Two officers are reported killed. The battle occurred at 7 a. m. Wednesday.

Got Back on Their Enemies.

PARIS, Jan. 3.—The Courier du Congo publishes an official dispatch from Mobaye, saying that the natives recently attacked an outpost of Belgians on the Upper Oubangui and killed two white men and five Senegalese soldiers. A Belgian force afterward attacked the natives, killing about 100 of them and razed their villages to the ground.

CHINA WAS TOO SLOW

Her Golden Opportunity Has Slipped By.

NO CHANCE FOR PEACE NOW.

Japan's Demands for Indemnity are Daily Increasing—She Is Preparing for an Aggressive Military Movement—China Offers to Buy Port Arthur—Chinese Forces Massing Along the Liao River.

WASHINGTON, Jan. 3.—It is the belief of officials in a position to know the status of affairs between Japan and China that Japan will declare the peace negotiations off unless China hastens them. There is increasing irritation on the part of Japan as to the delays in presenting definite peace proposals. More than a month has passed since it was agreed that a tender of peace conditions would be considered by Japan, and as yet the conditions have not been offered and there is doubt as to China's plenipotentiaries having the right to make any final offers.

Already the Japanese government is inclining to a unanimous demand of the native press to make far greater demands than were contemplated when the peace negotiations began. At that time the general understanding was that the basis of peace would be a cash indemnity and the independence of Corea and the work of the plenipotentiaries was to be to settle the exact amount and terms of the cash indemnity.

Now, however, there is an intimation that Japan may no longer accept the two conditions first proposed, but may insist also on China's ceding extensive territories, probably the Island of Formosa, or the valuable strategic points of Port Arthur or Wei-Hai-Wei, or a portion of Manchuria, already occupied by Japan.

Opinions differ in Japan as to which piece of territory should be demanded. This annexation sentiment is universal and it is believed Japan will soon make it known to China, probably through Minister Dun, at Tokio, that the procrastination in presenting the terms of settlement is such that the negotiations will be abandoned unless closed within a reasonable and definite time.

In the meantime there are evidences that Japan is preparing for an aggressive military movement, calculated to impress China and the plenipotentiaries with Japanese ability to increase the advantage she has already secured. A gentleman who has been some years in the diplomatic service in China, and is a recognized authority on international custom, points out that it is an invariable rule with China not to grant absolute power to her plenipotentiaries, but merely to confer advisory powers on them.

China's Intentions.

PARIS, Jan. 3.—A correspondent telegraphs from Shanghai as follows: "I learn on good authority that China will offer to repurchase Port Arthur, but that she will not cede an inch of territory to Japan."

The correspondent adds that Generals Neshong and Yehi, with 12,000 troops, have joined General Sung. The whole Chinese force is now massed along the Liao river.

Cut in Wages Results in a Strike.

HOMESTEAD, Pa., Jan. 3.—There has been much dissatisfaction over the cut of wages here in the mills, and last night the trouble ended in a strike in 119-inch mill. One of the men, at the end of a turn at a late hour last night found that under the new scale he had earned just 30 cents for the turn. He told his fellow-workers, and all of them, 300, walked out of the works. Everything is quiet so far and no trouble is feared.

An Unlucky Start.

MILAN, M., Jan. 3.—Lum Crooks, who left here yesterday with his family for the south part of this state, traveling in a wagon, jumped eight miles south of this place last night. While his wife was getting supper her clothes caught fire, and she was fatally burned. Two of her little daughters caught hold of her, and were badly burned. Crooks was also injured while trying to extinguish the flames.

Church Burned.

WABASH, Ind., Jan. 3.—The elegant Catholic church at Lagro, one of the finest in Wabash county, was badly damaged by fire just as mass was being celebrated. The flames originated from a defective fuse, which had been abandoned, and in which Father Kelley, a new priest, started a roaring fire. No estimate of the loss has been made.

Child Fatally Burned.

BRAZIL, Ind., Jan. 3.—The 5-year-old child of William Saunders, living west of the city, was probably fatally burned. The child had been left alone in a room and when her mother returned a few minutes later the child was found in a nude condition. Her clothing had caught fire in some manner and was entirely consumed.

Was Free For One Day.

TANLEQUAH, I. T., Jan. 3.—Jim Cook, brother of the noted Bill Cook, made his escape from the national prison yesterday, but was tracked in a newly fallen snow all day and was recaptured yesterday evening by Sheriff Proctor and posse. Jim is serving an 8-year sentence for murdering Sequoyah Houston.

An Old Man Frozen to Death.

PARKERSBURG, W. Va., Jan. 3.—John Richards, aged 70, was found frozen to death near his home in this county yesterday morning.

MORE ABOUT BURNETT SCOTT.

He Was Probably Killed and Thrown Into the River.

O'NEILL, Neb., Jan. 3.—It is believed now Burnett Scott has been murdered and his body thrown into the Niobrara river. Sheriff Hamilton and men tracked the wagon in which Scott and Schmidt were taken to within a few miles of the river, when all trace was lost.

The quicksands in that section of the river would quickly swallow anybody thrown in. Residents of the country in which the crime was committed say for the last three or four days, a large number of men have been riding through that portion of the country, all being heavily armed.

Members of the posse returned to the city yesterday evening with Mose Elliott as a prisoner. He was turned over to the deputy sheriff of this county, and is confined in the county jail. He was arrested at his home about 20 miles northeast of this city. The warrant was sworn out by Schmidt, who charged Elliott with being one of the mob, who attacked them, shot Miss McWhorter, and probably murdered Scott and spirited his body away.

Elliott is a farmer living in Scott township, which was named after the missing man, and has been an avowed enemy of Scott for the last two years, a fact which the prisoner admits. When arrested he said he was expecting it, and while he was not always able to prove or explain his whereabouts every day, he could prove where he was the day and at the hour when the attack was made on Scott. He denied being implicated in the case and also denied all knowledge of it.

Schmidt insists that Elliott is one of the men who shot at them.

Sheriff Hamilton and a dozen men are still in the country, and it is rumored that four or five persons will soon be arrested. They have men who were in the mob spotted.

Youthful Train Wreckers.

CAMDEN, Ark., Jan. 3.—Following close on the heels of the attempt to rob the Cotton Belt express on Monday night near Buena Vista, an obstruction was placed on the track near the same spot, last night, to catch the southbound train which passes that place just after dark. A half dozen cross-ties were put on the track but, luckily, were discovered in time to flag the train. Two negroes, boys, 12 and 16 years old, have been arrested and have confessed. They say they wanted to see a train wrecked. Fully 50 mounted men are in the country surrounding here in search of the miscreants who attempted to rob the train on Monday night.

Relief For the Suffering.

ATLANTA, Jan. 3.—Contributions of corn for the Nebraska relief train, which is to leave here Jan. 15, are pouring in from every section of Georgia and the indications now are that the amount donated by generous farmers of the state will exceed the capacity of one train to transport. The town of Demorest sent in a carload today. President Hoffman of the Seaboard Air line and President Spencer of the Southern railway, have each contributed one car, and President Spencer has tendered the use of the Georgia Pacific warehouse free of cost for the storage of the contributions. All roads will haul the provisions contributed free.

Jewelry Store Burglarized.

EL PASO, Tex., Jan. 3.—More than \$10,000 worth of diamonds and other jewelry was taken from the store of Hickox & Nixon, early yesterday morning. The front door, which is always lighted, was opened by boring the lock off and the big safe was treated the same way. Not a valuable stone or watch was left in the house, but not a cheap watch was disturbed. The work was evidently that of an expert, which all the more mystifies the officers. Three other stores were also entered but it is thought by common burglars.

Life Prisoner Pardoned.

TOPEKA, Jan. 3.—Governor Lewelling yesterday pardoned Hugh Gilliland, aged 70 years, who has been in the penitentiary on a life sentence for 20 years. In the early sixties he and his son Isaac killed a man in a controversy growing out of a homestead claim in Franklin county. Both were convicted of murder, receiving like sentences. The son is now 40 years old, and is still a convict. Governor Lewelling delivered the pardon to Hugh Gilliland's daughter, who was a baby when the crime was committed.

A Woman to Be Hanged.

RALEIGH, Jan. 3.—At Durham, a year ago, Eleanor Wood, a young woman, murdered her infant by putting pins in its mouth and causing the child to swallow them. She was tried and convicted of murder. On an appeal the supreme court affirmed this decision, and when this fact was certified to Governor Carr yesterday he issued a warrant for her execution on Feb. 8. Efforts will be made to secure a commutation, as there is some sentiment here against the execution of women.

Fatally Stabbed.

HAZELTON, Pa., Jan. 3.—In a fight between Slavs and Hungarians at Shoppton yesterday Mrs. Andrew Lefanski was fatally stabbed by Joseph Handyka, who was himself stabbed in the abdomen, it is thought, fatally. Mrs. Mary Lynota was badly cut on the arm. Stephen Hodak's skull was fractured, and a dozen others were cut and bruised. Twenty are now in custody as a result of the riot.

LIMERICK, Jan. 3.—The coasting steamer Intrahull, from Glasgow for this port, is now five days overdue. It is believed that she foundered during the late gales, and that her crew of 24 men were lost.

CIRCLE OF SUFFERING

It Has Been Extended in the Extreme Far West.

NOT CONFINED TO NEBRASKA.

Settlers on the Cherokee Strip in Oklahoma, Which Was Opened for Settlement a Year Ago, are in Want of Food and Clothing—Congress Will Be Appealed to For Aid.

BOSTON, Jan. 3.—According to advices received by the congregational Home Missionary society, the circle of suffering in parts of the west is widening. It includes the Cherokee strip in Oklahoma, which was opened for settlement a year ago. The country is emphatically new. The missionaries of the congregational Home Missionary society, in forwarding special correspondence relating to the situation, state that there is special need of clothing. With the thermometer below zero, there were 13 men at a religious service who wore no overcoats and were known not to own one. Some of the women were without wraps of any kind. A mother and daughter alternately wore the same pair of shoes. Women have been found barefoot at home, not possessing any kind of an old shoe.

One home missionary writes as follows:

"I have no means whatever. We have no members who are able to do anything. Out of my limited amount of \$125 per quarter, I have divided with two or three of our families to keep them from absolute suffering, but I can't do anything more. I think 'the strip,' which is only a year old, will be in much better condition in another year, as they will raise considerable crops. They will be 'sod crops,' of course, but will help.

"A meeting has been held to petition congress for help, but we can't wait for congressional action. It takes every cent our society can raise to get books, keep up Sabbath schools and provide fuel for our church. The building is new and not yet completed. The ladies recently purchased a stove. The blizzard struck us Christmas, since which time some families have suffered simply for want of clothes of any description."

The Home Missionary society has already forwarded clothing for these sufferers, and will gladly be the almoner of the public in so doing.

Cincinnati Assignment.

CINCINNATI, Jan. 3.—Wednesday afternoon assignment papers were filed for the firm of Charles H. Flach & Company, wholesale grocers at 42 and 44 West Second street. The liabilities and assets are believed to be about equal, the figures being about \$80,000. Assignee L. C. Black believes the affairs of the firm can be adjusted and that the business will continue. The assignment was forced by a failure to realize on property sold to meet obligations. A preference in favor of the National Lafayette bank is for \$25,760.

Expect a Settlement.

HAVERHILL, Mass., Jan. 3.—The outlook in the strike situation is hopeful for a settlement. The action of W. W. Spaulding in calling Agent Pomroy to a conference is favorably commented upon, and although it can not be learned just what was said or done, it is generally believed that the big manufacturer has decided to accede to the demands of his employees. In view of this, the manufacturers will undoubtedly follow his example, thereby ending the strike and the disliked contract system.

Three People Burned to Death.

RANSOM, S. D., Jan. 3.—Meager reports come from the old Sisseton reservation, nine miles south, that a fire occurred last night, in which several lives were lost. The names of the persons said to have perished are: Sam Gibson, white; Peter Resau, Indian, and Labelle, Indian. The coroner and a body of citizens have started for the scene. A carcass, in which the tough white and Indian element predominated, was in full blast when the building took fire, and a number cremated.

Double Murder.

PERRY, O. T., Jan. 3.—John Milligan, the double murderer, who is under sentence to be hanged Jan. 11, and who escaped a month ago, but was recaptured last night, jumped through a glass door and escaped to the east. Hundreds of men are in pursuit. Milligan was bareheaded, barefooted and in his shirt sleeves. There are two inches of snow on the ground.

Four Children Burned to Death.

WILLIAMSON'S STATION, Ky., Jan. 2.—The home of Daniel White, colored, near this place, was totally destroyed by fire last midnight. Four children who were asleep in the building were burned to death. White and his wife escaped with their baby in their nightclothes. The building was totally destroyed.

Village Swept by Fire.

JAMESTOWN, N. Y., Jan. 3.—The village of Sherman, this county, was visited by a disastrous fire about 1 o'clock yesterday morning. The losses aggregated \$30,000. The section burned included the principal business part of the village.

One Thousand Men Thrown Out.

HAZELTON, Pa., Jan. 3.—Crystal Ridge and Cranberry collieries, owned by A. Pardee & Company, shut down yesterday for an indefinite period. One thousand men are thrown out of work.

THURSDAY, JANUARY 3, 1895.

Fair weather; westerly winds.

A LITTLE over a year ago there was a demand from all sides for the repeal of the Sherman silver law. Even his own party demanded it, because it was a miserable failure. But the editor of the Ledger thinks Mr. Sherman is just the man now needed at the head of the country's financial affairs.

THE work of that mob at Mt. Sterling this week is another blot on the fair name of Kentucky. The good people of Mt. Sterling should leave nothing undone to ferret out and punish these murderers. The only way to put a stop to lynchings is to hang a few of the lynchers, and then let the courts be more prompt in punishing criminals.

REPUBLICAN RESPONSIBILITY.

What the country needs at the head of its financial affairs is a man whose front name is John Sherman.—Public Ledger.

The editor of the Ledger may not know it, but there are just lots of people throughout this broad land who firmly believe that the man "whose front name is John Sherman" is largely responsible for the present condition of Uncle Sam's finances. The editor of the Louisville Post belongs to this class, and here is what he says: "There are outstanding \$346,000,000, which in 1879 became demand notes, in greenbacks, a forced war loan. When presented and redeemed these notes should have been cancelled, but the truth is the resumption act passed in 1875 and denounced in the Tilden platform of 1876 as 'an obstacle to resumption' has been only a partial success. It has not restored specie payments, nor has it brought the country to a sound specie basis. Undoubtedly it was intended merely as a tentative measure, to be followed later by sounder laws. 'Unfortunately, Senator Sherman is an incorrigible trimmer' and too apt to be satisfied with the shadow rather than with the substance of things. 'He drew the act of 1875, and under it, Sherman, as Secretary of the Treasury, in 1879 went through the motion of resumption. 'Then the silver idea grew strong and Mr. Sherman was unwilling to confront it. He did nothing to perfect the work begun in 1879, so the \$100,000,000 reserve to redeem the greenbacks has never been increased since 1879, nor has one dollar of this forced loan ever been paid. 'That would be bad enough, but it is not the worst. In 1890 Mr. McKinley in the House was lowering the revenues and Sherman in the Senate was trying to enact a silver law which would satisfy everybody. 'Under the Sherman silver bill the Government notes payable in gold on demand were increased \$150,000,000, making \$500,000,000 Treasury bills out, payable on demand with nothing whatever added to the original redemption fund. 'Here we have the whole situation. 'The condition of our finances is due to the financial legislation formulated by Mr. Sherman and accepted by his party. The history of American money since the war has been the history of a mere illogical, unreasoning jumble of compromises of the most cowardly kind. The worst of these was the Sherman silver bill, which added vastly to the Treasury's obligations without adding anything whatever to its resources.'"

ENCOURAGING.

The Outlook For the Iron and Steel Business.

PITTSBURG, PENN., December 31.—A review of the industrial situation shows an encouraging outlook in this section for the coming year. There is a heavy increase in the number of iron, steel and tin mills in operation. Where one year ago less than half the window glass factories were running, three fourths are in operation now. With flint glass factories this is also true. The hopeful feature of the situation is the steady increase in the demand for manufactured products. With the exception of their Beaver Falls nail mill, all the Carnegie mills are now running in full or double turn. The big window glass factories at Jeannette and New Kensington are in full operation day and night. A revival of railroad and railroad equipment building is looked for the first of the year. In the Connellsville region 14,337 coke ovens are in operation and the prospect is cheerful. Manufacturers are hopeful of a busy year.

DROWNED IN A CISTERN.

Mr. and Mrs. Charles Calvert, of Germantown, Lose Their Only Daughter.

Mr. and Mrs. Charles Calvert living near Germantown met with a sad misfortune on January 1st. Their bright little three-year-old daughter was accidentally drowned in a cistern, at the family residence.

The cistern is under the porch, and the child in following its mother across the porch stepped on the covering, which gave way, precipitating the little one into the water. Mr. Calvert was not at home, and the unfortunate child was drowned before help could reach it.

She was the only daughter and was a lovely child and a great pet with her parents and friends. Her sad death has cast a gloom over the community. The parents have the sympathy of their friends and neighbors, but this is shallow consolation in their hour of heart-rending grief.

The funeral was held at the Christian Church, Germantown, yesterday, Rev. T. B. Cook officiating, after which the remains were interred in the cemetery adjoining.

PARSLEY AFTER ONIONS.

The Herb Will Remove the Bad Odor of This Vegetable.

At this season of the year, when the digestive system is apt to become overloaded with rich, greasy or sweet foods, plenty of onions should be eaten as a counter-balance, says an exchange. They are good for the stomach, the complexion and the nerves when eaten either boiled or raw, but, of course, the unpleasant odor left on the breath after indulgence in them is a barrier to their use to many people who would otherwise be able to take advantage of the good there is in them. To overcome all this and give everyone a chance an old remedy is suggested—parsley. To entirely destroy the bad odor of onions eat a small sprig of this pretty green herb either with your meal or immediately after it. There will be nothing in the breath or about the person at all suggestive of the odoriferous bulb five minutes after the parsley is eaten.

Morbus Sabbaticus.

[Christian Observer.] Morbus Sabbaticus, or Sunday sickness, is a disease peculiar to church members. The attack comes on suddenly every Sunday; no symptoms are felt on Saturday night; the patient sleeps well and wakes feeling well; eats a hearty breakfast, but about church time the attack comes on, and continues until services are over for the morning. Then the patient feels easy and eats a hearty dinner. In the afternoon he feels much better, and is able to take a walk, talk about politics, and read the Sunday papers; he eats a hearty supper, but about church time he has another attack and stays at home. He retires early, sleeps well, wakes up Monday morning refreshed and able to go to work, and does not have any symptoms of the disease until the following Sunday. The peculiar features are as follows:

1. It always attacks members of the church.
2. It never makes its appearance except on the Sabbath.
3. The symptoms vary, but it never interferes with the sleep or appetite.
4. It never lasts more than twenty-four hours.
5. It generally attacks the head of the family.
6. No physician is ever called.
7. It always proves fatal in the end—to the soul.
8. No remedy is known for it except prayer.
9. Religion is the only antidote.
10. It is becoming fearfully prevalent, and is sweeping thousands every year prematurely to destruction.

J. T. KACKLEY & Co.

The Saline river of Kansas is as salt as its name implies. The sunfish of tributary streams of fresh water, when they become well grown, are accustomed to venture forth into the Saline, where in about eighteen months they grow broader and fatter, turning by imperceptible degrees into very excellent salt water flounders.

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

DELIGHTED ALL.

The Largest Crowd Yet Greeted the Robinsons at Opera House Last Night.

The Robinson Comic Opera Company appeared last night in "Girofle-Girofla," and scored another success. The attendance was the largest of the week so far and all came away delighted with the evening's entertainment.

Miss Lizzie Gonzales was charming in the dual character of Girofle and Girofla. John Young as Bolero and Miss Essie Barton as Aurora furnished a big share of the amusement of the evening as they always do. The character of Mourzourk, the savage Turk, was well rendered by William Pullman, while Mr. Charles Holmes and Mr. Frank French were as big favorites as ever. The support was good throughout, and the singing charmed all.

By request, that beautiful opera, "Chimes of Normandy," will be repeated to-night. Lovers of sweet singing should not miss this opportunity of hearing the company in one of its best operas.

The low price of admission—15, 25 and 35 cents—ought to insure a crowded house.

Remember the matinee Saturday afternoon. Music lovers from the country should come in Saturday and see "Pinafore."

ALLEGED KIDNAPPING.

A Maysville Woman at Newport Looking for her Ward, Miss Lillie Taylor.

The Newport correspondent of the Covington Commonwealth says: "Miss Anna Bradford, of Maysville, Wednesday morning called on Commonwealth Attorney Lockhardt and stated that she had been appointed guardian by Judge Wall, at Maysville, of a girl named Miss Lillie Taylor, aged seventeen years, and that the girl had been kidnapped about two weeks ago. She said she had received a letter stating that the girl was at the Good Shepard Convent on the Alexandria pike.

"Miss Bradford called at the Good Shepard Convent Wednesday morning and asked for the girl, but was told she was not there.

"Attorney Lockhart will make an investigation and if the girl is there will sue out a writ of habeas corpus. Miss Bradford will stay in Newport until the matter is settled."

Laurance still making her regular trips. The gauge reads 7 2-10 feet and falling slowly.

No change to report except that ice, owing to milder weather, is not so formidable. A couple of comparatively mild days like yesterday would start the snow to melting and ice to rotting and make a rise that would at once allow navigation to be resumed. No one can tell what a day will bring forth, however.

The official record of the port of Pittsburg for 1894 shows that 600,000 passengers were carried without the loss of a single life. Three employees were killed, two by drowning and one by the explosion of a boiler on the towboat Mink No. 2. The freight for the year was over 15,000,000 tons. It was an unfortunate year for coal shippers, the loss during transportation being estimated at many thousands of dollars and the largest in the history of towboating.

Death of Mrs. M. J. Love.

Mr. M. J. Love died at the home of her son, Mr. James M. Love, in Muncie, Ind., yesterday. Her remains will be brought to Maysville on Friday and interred in the family burying ground at Aberdeen on Friday afternoon.

Mrs. Love's death was the result of a fall on December 26th, her extreme age making recovery impossible.

She was born September 26th, 1809, at Springfield, N. Y. Her sons, James, John and Thomas, survive her.

LYNCHING AT MT. STERLING.

A Mob Get Their Man By Overpowering Jailer Best, Formerly of This County.

Thomas Blair was taken out of the jail at Mt. Sterling at 2 a. m. January 1st by a mob and was hung near the town. Last February Captain J. L. Bomar, a gallant ex-Federal soldier, was killed by H. C. Turner, Thomas Blair and John McKenzie on the streets of Mt. Sterling. Bomar had charged Turner with debauching his wife, and had threatened to kill him on sight.

At the examining trial Turner was acquitted, and Blair and McKenzie held in \$5,000 bonds, but the grand jury failed to indict and they were discharged. Blair left, and never returned until a few days ago. A few hours after he got back, he shot at a man in a disreputable house and was jailed.

Opinion is much divided as to the cause of the mob's action, and many express the opinion that it was not the friends of Bomar who did the hanging.

The Jailer, James Best, formerly of this county, was overpowered by the mob, who then took the keys.

MICHIGAN SENATORS.

One Contest Settled, but the Other Is Yet Undecided.

LANSING, Mich., Jan. 3.—The Republican caucus of members of the legislature for the nomination of United States senator for the full term of six years, was held last night. It resulted in the nomination of Senator James McMillan by acclamation. Senator McMillan's reelection has all along been a foregone conclusion, there having been no other candidate for the senior senatorship. There can be but one dissenting vote, as there is but one Democratic member of the legislature. He will undoubtedly cast his vote for Edwin F. Uhl, assistant secretary of state, who was named for senator by the Democratic state convention.

The caucus for the nomination of United States senator for four years, to fill the unexpired term of Senator Stockbridge, deceased, will be held tonight. It will terminate a long and active contest, in which Senator Patton, at present senator by appointment of Governor Rich, Congressman Burrows and Schuyler S. Olds are the leading candidates.

Town Destroyed by Fire.

WOOSTER, O., Jan. 3.—The village of Perryville, Ashland county, was visited by fire a most disastrous conflagration yesterday. The flames were discovered at 1 a. m. and burned with such fierceness that it was thought the entire town was doomed. Appeals for aid were sent to Wooster, Loudonville, Shreve and Mansfield, but about the time the Wooster firemen were ready to start, word was received that the fire was under control. Eight business places, including the leading stores and postoffice, were consumed. The loss is estimated at \$30,000.

Died in a Trance.

PIQUA, O., Jan. 3.—Jacob Frehofer, who fell in a trance last Saturday, remained in that condition over Sunday without regaining consciousness, but has since died. On Sunday the physician detected that the blood was still in circulation, although the beat was very faint. The body retained its natural warmth and the eyes remained clear until after the body got cold. The case was the strangest that ever occurred in this city and was watched with considerable interest. Mr. Frehofer was in his 69th year.

Unsettled Situation in New Mexico.

SANTA FE, Jan. 3.—The Thirty-first assembly of New Mexico is still unorganized. The council elected officers, and stands four Republicans to eight Democrats. The Democratic house consists of 14, and has sworn in two men, but has not yet been recognized by Governor Thornton. The Republican house has organized, and elected a speaker and has a corps of sergeants-at-arms. The situation is unsettled, but Governor Thornton hopes to avert serious trouble.

He Escaped.

PIQUA, O., Jan. 3.—A tramp stopped at the residence of Mrs. L. C. Cron in broad daylight and placing his hand on his revolver, demanded of her to turn over the money belonging to the East Piqua Sunday school. She managed not to become excited and positively refused to comply. She called for help and the scoundrel made his escape. The police followed him, but he boarded an eastbound freight and escaped.

Drugstore Burglarized.

CHILLICOTHE, O., Jan. 3.—The drugstore of Dr. J. M. Davis was burglarized and \$300 and valuable papers carried away from a small vault in the wall. The burglar hid himself in the cellar during the day, came up through the trapdoor in the floor at night, found the key on the shelf, opened the vault and then escaped with money and papers by the outside cellar door.

Escaped From Jail.

NASHVILLE, Jan. 3.—Four murderers, A. J. L. Reddy, Andrew Winters, George Alexander and C. D. Kiger, made their escape from the county jail yesterday morning at an early hour. The bolts of the lock on the fire escape were sawed in two, the saw being furnished by friends on the outside. Alexander was awaiting trial for the murder of two men.

Death of Thomas Metcalf.

BLOOMINGTON, Ill., Jan. 3.—Thomas Metcalf died in Chicago yesterday, aged 69. Until a few days ago he resided at Normal. He was for 30 years a member of the faculty of the Illinois State Normal university at Normal and 20 years head of the training department. He will be interred at Boston.

State's Attorney Kern Happy.

CHICAGO, Jan. 3.—The grand jury Wednesday, by a unanimous vote, refused to indict State's Attorney Jacob Kern, who was charged with various irregularities. The state's attorney was particularly charged with allowing criminals to escape, and with collecting moneys improperly. The grand jury held that the evidence was not at all conclusive.

No Trouble Yet.

PITTSBURG, Jan. 3.—There were no developments in the strike of 600 furnacemen at the Edgar Thompson steel works at Braddock. No trouble has occurred, but while the strike continues the finishing department must remain idle. No effort is being made by the company to effect a settlement or bring in new men.

Stolen Money Returned.

SPRINGFIELD, O., Jan. 3.—Richard Wallingsford's grocery was burglarized two weeks ago and \$8.30 taken from the cash drawer. Yesterday Mr. Wallingsford received an unsigned letter, in which was \$10. The thief said he had become repentant, returned the money and added that the extra amount, he hoped, would pay for damage done.

Two Miners Killed.

PITTSBURG, Jan. 3.—William Riddinger and Windsor Godfrey, coal miners, were run down yesterday by an extra freight train on the Pennsylvania railroad, at Irwin Station. Riddinger was instantly killed. Godfrey was fatally injured.

After the Train Robbers.

MERIDIAN, Miss., Jan. 3.—A posse of determined men with bloodhounds have left here to hunt down the Livingston (Ala.) train robbers, and it is reported that two of the bandits have been run down in the Suwannee swamp. It is said that they are young men who live near York, Ala. The express people claim that the robbers made a slight haul. Several packages that contained money were torn open and the express messenger saved a heavy money package by saying to the masked men, "this, too, contains lottery tickets," and throwing it on the floor.

William Korman suffered broken ribs. John Miller, fireman, may lose his nose.

Joyous throbbing life

offered to the chronic invalid would be regarded with distrust! Long suffering leaves the patient hopeless—he believes no more in any cure. Would that such hopeless ones could read the testimonials of

Brown's Iron Bitters

They point a way to relief and health, and they are genuine! SWEET WATER, TEXAS. For twelve long years I was a great sufferer from kidney and other troubles, and at times was confined to my bed. I tried a number of medicines recommended by sympathizing friends and prescribed by physicians without receiving the least benefit. Then I gave Brown's Iron Bitters a trial, and two bottles brought me off my back. Today I am well and hearty. W. T. Cook.

and then this: TEN BROOKE, TENN. After being under the care of a physician for eight years, I commenced taking Brown's Iron Bitters with the result that I am entirely cured. It is the best remedy I have ever taken, and I certainly wish that every woman suffering as I did could know its value. MRS. ROSA REECER.
